Pocahontas County Items.

We take the following items from the
Pocahontas Times of last week :

Mr. Andrew McLaughlin, of Lewis-
burg, was in Pocahontas, this week.
Mrs. C. Sydenstricker and Miss Mattie
Curry have returned from an extended
visit to relatives and friends in Green-
brier. Forest, young son of Mr. F. W.
and Mrs. Annie Harper died Tuesday
morning, aged about 16 years. Mrs.
John E. Gum is very low with dropsy
of the heart. During the past year
John Bright raised 425 bushels of shelled
corn with the hoe. The Development
Company is haying about 2,000,000 feet
of lumber manufactured on Stamping
creek, about 12 miles from Marlinton,
which is to be hauled there. Last week
was a good one for rafting, and Capt.
Peters and Mr. Callison each took one
out—Capt. Peters having a horse and
buggy on his raft. Miss May Moore,
daughter of Nelson Moore, was thrown
from a horse on Sunday and fractured
her skull; she is doing well and will
probably recovery; she is about 16 years
of age. Mrs. Henry Duncan, a daugh-
ter of Col. John Baxter, who was one
of the most prominent of the citizens
of Pocahontas, and who drafted the pe-
tition for the organization of our county,
is in comfortable health. She is verging
on ninety years of age.

Pocahontas County Items.

We take the following items from the *Pocahontas Times* of last week:

When the *Courier-Journal* offered its prizes for the best guess at the vote of the last campaign, Mr. Henry Barlow, of Edray, made a calculation on which to base his figures for the entire vote of the United States, for which \$10,000 was offered to the nearest guesser. He set the amount down in a day-book and finds now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand prize, having only missed the result 2 votes. Miss Lucy Kincaid is governess in Mr. Gay's family. Mr. Joseph Barlow, sr., fell on the ice and was badly hurt last week. Little Phil., son of Mr. Charles Yeager, died on 23rd ult., aged 2 years and 8 month.

We have considerable sickness in this neighborhood. Mrs. Maggie Kelly is lying dangerously ill. Messrs. H. W. Burgess, J. B. Kennison and Marshall Peyatt are slowly recovering. Capt. W. L. McNeil still suffers a great deal from indigestion and heart trouble, but notwithstanding the Captain's indisposition his mind is remarkably clear, and his buoyancy of spirits and fondness for a good joke are just as characteristic of him as ever.

It is with pain that we announce the death of Mrs. Virginia Peyatt, who died at her residence here on last Friday morning, the 8th inst., in the 76th year of her age. Although she had been in feeble health for a long time her death, preceded as it was by only three days sickness, was a shock to the community. She was greatly attached to her husband, Mr. Marshall Peyatt, whose snowy locks and tottering frame remind us that he must soon join her in the great beyond. Her married life covers a period of 57 years, and during that time she and her husband have lived most happily. In fact a more affectionate couple never lived. She had been a member of the M. E. Church, South, for many years, and was a good woman, circumspect in all the walks of life and highly esteemed by all who knew her. Three children—Mrs. Lizzie Isbell, of this place, and Wm. and Lee Bennett, of Kansas, survive her.

get their coal from points so remote,

The thermometer registered 4° below zero on last Monday morning, and those who have ice-houses are filling them with ice about four inches thick.

The grip is prevailing to an alarming extent throughout this section of country. Every member of some households is stricken with it, one not able to wait upon the other. It clings to its victims with wonderful tenacity, and on the cupboard shelf vials of medicines, cups of boneset and lifeeverlasting, teas and mustard plasters remind one that it requires heroic treatment to loosen its hold. To the dwellings of the well to do and the cabin upon the mountain side our physicians are going day and night administering relief to the afflicted ones. We are glad to state that we have no very serious cases at present.

Mr. Wm. Pritt, who lived a short distance from here, died on last Thursday, the 21st, from paralysis, aged about 65 years. He leaves a wife and several small children. He had been a hard worker during his lifetime, and at such work as chopping, making

work as chopping, making rails and clearing land had few equals. On the hill sides and on the low lands are small tracts of land from which his sturdy axe removed the heavy timber, and which will ever stand as monuments to his memory.

Mr. D. A. Peck received a letter from his brother, who lives in Nicholas county, stating that John McClung, who lives near him, and who has been in bad health for some time past, had ordered his coffin, and made all necessary preparation for his burial. Mr. McClung evidently has strange notions about things. He might possibly be able to write his name in the dust on his coffin yet before he crosses the dark and rolling river of death.

Subscription papers can be found at the stores of E. H. Moore & Co. and E. I. Holt, soliciting subscriptions of money to build a fence around the McNeil cemetery. This is a move in the right direction. It is something we are nearly all interested in, and something that has been sadly neglected.— We are grieved to see so few names on the papers. Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so lost to a sense of duty to the dead—so

Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so lost to a sense of duty to the dead—so lost to the memory of the sweet ties and associations that bind them to loved ones—as to refuse to lend a helping hand to this worthy movement? God forbid. Go to the McNeil cemetery and note its condition, look at the rotten, tumble down fence, through which horses and cattle pass in and out at will; look at the once nicely-rounded mound, upon which loving hands had planted beautiful flowers, disordered and trampled flat; look at the broken tombstones and the brush, briars and weeds growing in wild profusion—who of us can look emotionless, indifferent and without indignation upon such a scene? Isn't it a burning shame—a blight and a mildew upon the good name of our community. Let us remove it. Let us build the fence and fix up the graves of our loved ones who have passed away. We leave the matter with the good, the intelligent, the Christian people of this community.

On last Saturday morning the thermometer registered 12° below zero—the coldest we have had.

For three days last week the Greenbrier river near the mouth of Stamping Creek presented a scene of wonderful activity. There were 40 men engaged in cutting ice and 30 teams hauling it away to the ice-houses. The noise made by the men, horses, wagons, saws, axes and hoes was immense. Great merriment prevailed among the ice-cutters, not one seeming to mind the freezing ice or the cold biting wind, and when an unfortunate one slipped and fell on the ice or into the vat, from which it had been cut, the whoops and yells that were indulged in at his discomfort could be heard for miles up and down the river. Mr. Lee Clark by some mishap or other got wet and his mitten froze to his hand and one of his

point is wide and deep, making it an excellent place to get large quantities of ice. The ice gotten was from 4 to 11 inches in thickness. There was more of it put up this season than we have ever known in the history of ice getting here.

The dread monster death still continues to visit us, taking one here there. Mr. Harvey Curry, an aged and highly respected citizens of Green Bank, died suddenly at his home there on Wednesday, the 24th ult. We have not been able to learn the particulars of his death. His son, Geo. R. Curry, living close here, did not hear of his death in time to attend the funeral obsequies.

Mr. Richard Mathers died at his home near Mill Point, from grip, on Tuesday, the 26th. He was an old man, presumably about 75 years of age, and, though somewhat eccentric, was a good man, possessing many admirable traits of character. He was unmarried and has no relatives living here or elsewhere

workman. His remains were laid to rest in the Marvin Chapel cemetery on last Thursday, the 28th.

A colored woman, the wife of Charlie Sprow, living on Mr. Cameron Clark's place, near town, died on the 26th ult., from a cancerous disease of the stomach, aged about 30 years.

There was considerable excitement here on last Saturday, the 30th, over a law case of John Cleek and Geo. McComb. It seems that a cow belonging to Mr. Cleek had been trespassing on Mr. McComb's lands, and his boy so beat her up with a stick and cut her with a corn cutter that she died soon after from the injuries inflicted. Mr. Cleek sought redress at the hands of the law, and was given a hearing along with McComb before Justice G. R. Curry.—Attorney W. A. Bratton, of Marlinton, appearing for the defendant. With the large number of witnesses on both sides and the spectators, who had gathered to

crowd, and the snow in front of Justice Curry's office was tramped clear out of sight. After an impartial hearing of the evidence on both sides, the case was decided in favor of Cleek, and a judgment given him for \$25 and costs. McComb, not being satisfied, appealed to a higher Court.

The case of Wade and Williams was also disposed of. K. O. Wade has the contract for keeping in repair and collecting the toll on the road over which John Williams' mail contractor carries the mail from Falling Spring to Academy. Williams refused to pay his toll. These differences were settled by a compromise, Williams agreeing to pay Wade \$25 and the costs.

In the next issue of the INDEPENDENT we hope to see the Groundhog's report of the weather for the next six weeks.

The difference between a weather vane and a prominent Marlinton man is this: The former shifting to the four points of the compass foretells the weather. While the latter shifting to the four points of the compass foretells matrimony.

We have had a heavy rainfall, which, with the melting snow, has made big waters. The river is breaking over its banks in some places, and grave fears are entertained that property along its course will be damaged ere it subsides.

One of the saddest deaths that has occurred in our town for some time was that of little Herbert, son of Dr. and Mrs. J. A. Larue, who died at his home half past three o'clock on last Saturday morning, the 20th, in the 12th year of his age. The evening before he was unusually cheerful, and did not complain in the least of feeling unwell. The next morning he was lying in the cold embrace of death. Although his health had not been good for some time his death was unexpected at the time and its suddenness a great shock to the whole community. Epilepsy, accompanied by paralysis, was the cause of his sudden demise. Herbert was a

the tenderest sympathies of the heart. All day long the house of mourning was crowded with people looking for the last time upon the dear little fellow and trying to console the bereaved ones. His remains were interred in the Oak Grove cemetery on Sunday, the 21st with impressive ceremonies. The bereaved family have the heartfelt sympathy of the entire community. Let them rejoice in the consolation that he is "Safe in the arms of Jesus."

Wm. Mann, of Edray, and Miss Vir-die B. Clark, of Hillsboro, were married at the residence of the bride's mother, on last Wednesday morning, the 17th inst., by Rev. W. T. Price, of Marlinton. We extend our congratulations to the happy young couple, and sincerely wish them prosperity and happiness throughout their lives.

C. W. Beard, who had a long spell of sickness, is slowly recovering. All the sick in this neighborhood are recovering, with the exception of Mrs. Pinnell, of Mill Point, who is very low, and whose sufferings at times are almost beyond human endurance.

Last week Bob Fitzsimmons pounded Jim Corbett into submission in the prize ring at Carson City, Nev., another revolting exhibition of brutality and immorality that has shocked every body in the whole country except the pugnacious violators of the law and good morals who engage in it and sanction it. That prize fighting is a growing evil in this country no one can deny, and that its influence is most immoral and debasing no one can deny. It behooves the authorities in every part of the country to be wide awake to this evil and stamp it out at its inception. It is demoralizing and offensive to the spirit of religion and civilization. It should be abolished, and we can help do it by joining in the public opinion that condemns the degrading and brutal practice. If it isn't checked it will add another link to the

ola it became frightened and threw him, his foot hanging in the stirrup. He was dragged about the place for several minutes before he could extricate his foot. His cries brought a good many persons to the scene of the accident, and he was picked up and carried into a house near by. Dr. F. J. McClintic was sent for and upon examination found two of his ribs broken on the left side and some other slight bruises about the body. His injuries, while very painful, are not regarded dangerous by his physician. He was sent home on a sled, and is getting along as well as could be expected.

On last Saturday, the 20th, F. M. Gum of this place, had a severe attack of rheumatism while on his way home from the railroad and had to leave his team in charge of a friend to drive home, and hire a man and buggy in order to get back himself. Since arriving here he has suffered terribly.

To see a cat or dog catching mice is a common sight and we pay but little attention to it, but when a bird, and especially a small one, is found mousing, we at once become interested and regard it as a strange and uncommon thing. J. W. Beard, while having some corn husked recently, noticed a small bird sitting on a corn shuck near by. Thinking strange of it being so near where his hands were at work he watched it and found that it was catching mice. When a mouse was found uncovered by the removal of a corn shock the bird would swoop down on it, hammer it to death with its beak, and fly away with it. In a short time it would return to where the men were at work. And during the time they were engaged in husking corn it followed them from place to place, out of one field into another, killing and carrying away mice whenever the opportunity

them from place to place, out of one field into another, killing and carrying away mice whenever the opportunity offered. Mr. Beard does not think that it ate the mice but simply carried them a short distance and dropped them. He says he could not make out to what species it belongs. In size it was a little larger than the common bluebird and shaped very much like it. It was swift of wing, and would sight a mouse at a distance of a hundred yards or more.

A yearling deer nearly exhausted from long running ran by M. A. Dunlap one day last week as he was coming down Stamping creek. He gave chase on his horse and pressed it so closely that it sought refuge in a pool of water. He plunged in after it and when close to it took the bridle of his horse and securely lassoed it. He brought it home and gave it to R. K. Burns, who didn't have the pleasure of keeping it but a short time until it died from the effects of the chase.

Three to be Hung.

In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentence will be fixed later. Quite a number of others belonging to the cut-throat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this lick very long the Republican majority in Fayette will soon disappear.

On the lands formerly owned by
Elisha Morrison, not far from the wa-
ters of Hill's creek, in a secluded spot,
where lofty hills cast their black shad-
ows over huge trees, uprooted by
storms, and lying in disordered heaps,
is a lonely grave. No tombstone re-
cords the the name of the poor unfortu-
nate who has been laid to rest in that
out of the way place. No one living in
that section of country knows anything
about the grave or whose remains it
contains. Everything connected with
it is wrapped in mystery, and perhaps
will be until the silent sleepers of every
land and nation shall be called on the
resurrection day.

We are having very dry weather, and some of our farmers are hesitating about sowing wheat, fearing it will not come up. On Wednesday and Thursday of last week the thermometer registered 90 degrees in the shade. Pasture fields are turning brown and the scorching heat of the sun has caused corn cutting to commence two weeks ahead of the usual time.

The re-union of Confederate Veterans at Marlinton on the last day of this month is about all that is talked of here. Big preparations are being made to entertain those who attend, and bands of music, oratory and good things to eat will draw an immense crowd. 'Rah for the re-union and a day of genuine unalloyed pleasure.

The sills and sleepers under the ground floor of the Presbyterian Church have rotted away, causing the floors and gallery supports to sink down.—New sleepers and heavy locust sills are now being put in, and all of the wood-work which has given away staunchly re-placed.

Wm. Miller, who lives a short distance from here, informs us that one of his hay-stacks was carried off by the wind on last Saturday, the 11th. He was at work in a field near home when a whirl wind started near him with such terrific force that when it reached a hay-stack in its path it lifted the stack from the ground and carried it a considerable distance, scattering the hay all over the ground. The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

G. L. Clark, builder and contractor, has just finished a handsome dwelling-house for Geo. Lewis.

A new hotel has been opened near Edray, with D. W. Dever, proprietor.

C. J. Stulting's daughter, Miss Mamie, who has been quite ill with fever, is recovering slowly.

From the signs at present, we will have a wedding to report soon.

A CORRESPONDENT writes us from Morgantown as follows:

The W. Va. University has now an attendance of about 400 students.—There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degrees of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case—a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years ago, holding that building and loan

On last Tuesday, the 9th inst., our usually quiet little town was wild with excitement when the ringing of bells and shouts of "fire! fire!!" was heard on our streets. After the alarm, it was soon discovered that Dr. F. T. McClintic's house was burning, and there was a general rush to the burning building only to find that the devouring flames were beyond control.—The fire started from a defective flue in the kitchen part of the house and had gotten a big start before being discovered. There was also a terrific wind blowing at the time, which caused the fire to spread rapidly, and to roar and crackle so as to be heard quite a distance. All of the household goods were saved except the kitchen furniture and some canned fruit, wine and other supplies that were in the cellar underneath the kitchen. Owing to the wind it was thought that some stables and the Presbyterian church nearby would surely be burned, but were saved

Dr. McClintic's property was insured; therefore his loss will not be a heavy one. He had contemplated building before the fire, and had engaged a great deal of his building material. Since his misfortune he has rented the McIlwee and Taylor house, and is now comfortably ensconced in his new quarters. We have been very fortunate in the matter of fires—this one being the third in the history of our town.

One Clinton Mann was arrested at this place recently and lodged in the Marlinton jail on a charge of embezzlement near Danville, Ill. The authorities at Danville were notified of his capture, and last week Deputy Sheriff Sloan, of that place, arrived here with requisition papers and took him back to answer the charge against him.

Mrs. Virginia Sharp and two little daughters, Mary and Ruth, arrived here last week from Wyoming. Mrs. Sharp will spend the winter with her mother, Mrs. A. S. Clark, of this place.

Wm. Burgess and son, Thomas, have sold their house and lot in the eastern suburbs of town, to Wm. McClure, for \$275.

Capt. A. M. Edgar's place produced

1,200 bushels of wheat this season. Of that amount the Captain raised 400 bushels himself.

Joseph McNeil has put up a neat and substantial dwelling house on his place southwest of town, to be occupied by his tenant, Frank Scott.

E. I. Holt has just returned from Lincoln county, where he had been called by the serious illness of his father. He informs us that his father is very low and cannot recover.

The matrimonial market is booming here. On last Wednesday, the 10th, W. C. Morgan and Miss Fannie Hill were united in marriage by Rev. S. C. Morgan, at the residence of the bride's mother, on Hill's Creek; and on the same day, at the residence of the bride's parents on the Greenbrier river, five miles south of here, Mr. —. Ramsey and Miss Myrtle Perry were made one. On last Thursday, Wm. Hartly, with Miss Maggie Sharp leaning on his arm, rapped on Dr. D. S. Sydenstricker's door and asked to be joined together.—The Doctor tied the knot for them in his impressive way, and they left with smiling faces. To each of the happy couples we extend congratulations.

Christmas has come and gone again, and we are standing upon the threshold of a New Year. Will it be one of happiness and prosperity, or one of sorrow and disappointment? Much depends on how we act our part. If we take advantage of the great opportunities it offers of doing good, of rendering ourselves a blessing to society, or in any wise making our lives useful it will certainly be full of sunshine and replete with thrilling pleasures.

We are having some winter weather. On Christmas morning the thermometer registered 4° above zero, and on the night of the same day snow fell to the depth of 4 inches. The snow in the Cranberry country is 10 inches deep and the drifts in many places five feet deep.

URIAH HEVENER, one of the most widely known citizens of Pocahontas, was severely injured by a fall of his horse last week, and is still in a precarious condition. He was on his way to mill carrying a bag of grain. Opposite the residence of William L. Brown there is a very steep bank. In riding down this his horse tripped and fell throwing him on ahead and the sack of grain on top of him. It is thought that the horse struck him with an upward motion of his head as he fell. Mr. Hevener set the grain up on the road side and started through the fields to head off the horse which had gone back towards home. He had walked and run a good distance when a neighbor shouted to him that he had caught the horse. Just as he stopped he collapsed, and lay in the field on the cold ground until he could be carried home, and was thoroughly chilled. Mr. Hevener is about seventy years old and the accident was most serious for one of his years.—*Pocahontas Times*.

our streets caused great excitement and brought out nearly the whole male population. But while the crowd was making desperate efforts to get to the fire, which was out in the suburbs, Thomas Mann, colored, who lived near Mr. Byrd's, went into the garret and with an axe knocked the burning shingles off into the snow which covered the roof and put the fire out. The loss of a few shingles was all the damage.—The roof caught from fire escaping from an old flue on the inside of the building.

A closer inspection, however, proved it to be a large fish of the bluecat species. Raising her canoe pole which had an iron spike in the end of it she struck at the fish with great force, the spike piercing the fish's head and pinning it to the bottom of the river. With difficulty she ran the canoe ashore without losing her hold upon the fish, which was easily taken from the water as it was about expiring from the effects of the blow. Miss Belle proudly carried it home and found that it measured two feet in length, weighed 17 pounds, and that its head would fill a small-sized frying-pan. This is not a fabrication. We can vouch for the truth of it, and if any one has taken a larger fish from the Greenbrier during the winter season we would like to hear from him.

Despite the predictions of weather prophets, March up to the present time has given us a great deal of fine weather. Our farmers have done more ploughing and other farm work during the month than we can ever remember of before.

On last Thursday, the 17th, the dwelling house of Mr. Joseph Riley, who lives near Green Bank, was destroyed by fire. There was nothing saved; everything in the house was burned. Mr. Riley's loss will be a heavy one as he carried no insurance. It is thought the fire was of incendiary origin.

Dr. F. T. McClintic is preparing to put up a fine dwelling house near the site of the old one which burned down a few months ago. W. M. Burns is also getting ready to build a large dwelling house. When these are completed they will greatly improve the appearance of Nicholas street.

S. J. Payne has made all necessary arrangements for making and burning 200,000 bricks.

Price paid \$1,700. Mr. Woddell has conditionally purchased the Dameron place near Hills creek.

Miss Georgia Shearer, who formerly lived here and taught several successful schools has been teaching at Cowen, and closed her school there last week with a grand commencement. She is noted for her school commencements, which some times open the way for criticism, yet, are highly entertaining and instructive.

On the nights of Monday and Tuesday, the 27th and 28th ultimo, a very strange and unaccountable occurrence took place at the house of Geo. Lewis, who lives about a mile from here. On Monday night about 9 o'clock, while Mr. Lewis and his family and two neighbors (Alvin Burr and C. A. Rodgers) were talking around the fireside a great noise was heard on the outside and almost at the same instant an awful looking something, with enormous claws, teeth and eyes and demoniacal expression of face, appeared at one of the windows. The men, much excited and catching up anything they could find to defend themselves with, rushed from the house to make away with the hideous visitor, but to their great astonishment found nothing. They couldn't see or hear anything — not even a track could be found — and very strange to say Mr. Lewis's dogs, which are very fierce and noisy, made no outcry whatever. Mr. Lewis was considerably stirred up over the strange visitation and requested Mr. Burr and Mr. Rodgers to be present on the next night.

Therefore the same persons assembled in the room Tuesday night. The blinds were tightly drawn and the conversation drifted to the disturbance of the night before. While talking it over Mr. Rodgers remarked that it was about time for the ghost. His lips had hardly closed when the house was jarred so heavily that it trembled all over and strange sounds and dreadful groanings seemed to come from the outside near the windows. Mr. Burr put up one of the window-blinds and looked out, when the dismal noises ceased and he saw what appeared to be a white cloud, shaped like a piano, floating in the air within a few feet of the house. Mr. Burr went outside and called to Mr. Lewis to come and see it, but it faded into nothingness before he reached the door. There was no further disturbance. Several persons went to the house on Wednesday night but nothing out of the common took place and has

The veracity of the parties whose names we have given cannot be questioned and they are greatly perplexed and troubled over what they have seen and heard. The relentless monster death has again visited us—taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its flight to the God who gave it, and whose word teaches there is none perfect; no, not one.

On last Monday, the 11th inst., John Jordan Beard died at his home in Huntersville of la grippe. Mr. Beard was well known throughout the county.—He served a long time as Clerk of the County Court, and held other positions of trust. He was an honest, upright man, an exemplary christian and stood high in the estimation of all who knew him. Space forbids us to give in detail the eventful life of this noble man.

The only man to enlist so far from this section is Joe Grant, a lumberman, who has been working in the camps on Williams river.

A good many of his friends are trying to get L. M. McClintic, the prosecuting attorney of this county, to run for Congress on the Democratic side but it can be authoritatively stated that he has no aspirations in that way whatever. He would make a very available candidate, and it is thought that if Pocahontas county is to be recognized by a nomination any time soon, it will be through him, as he is something of a power in politics.

This county will in all probability go solid for Judge A. N. Campbell, of Monroe county, for Congress in the Democratic convention. As judge of this circuit he greatly endeared himself to the people, and in 1896 ran ahead of his ticket, receiving a number of

Last week Isaac Jackson, who lives a short distance from here, killed the largest black rattlesnake ever killed in the Levels. It was 4 feet long, measured 9 inches around the body and had 12 rattles. There hasn't been a snake of its kinds seen or killed in the Levels for a great many years. They are plentiful in some places on the river hills, east of here and on the Vine Mountain, west of here.

W. H. Peyatt, a well-to-do farmer and stock raiser of Montgomery county, Kansas, is visiting his father, Dr. Marshall Peyatt, of this place. Mr. Peyatt hasn't been here since he left thirty years ago. His aged father, who has been in failing health for some time, was greatly uplifted to see him. Speaking of Kansas, he says it is a great State, money tolerably plentiful, crops of all kinds unprecedentedly large and the outlook for the future bright. While deploring our not being up to date compared with Kansas, he admits that ours is a highly favored land and people.

Dr. F. T. McClintic has moved into his new house on Nicholas street. It is a handsome structure, every part of which is nicely and conveniently arranged. The door to the main entrance has genuine stained glass panels, and is the prettiest we know of in this section of country.

aged 80 years, and Birdie Coulter, aged 24 years, were united in marriage by Rev. Jacob Perry. Josiah has for years had a great antipathy to having his hair cut, and as he appeared on the floor with his snowy, disheveled locks nestling on his hickory shirt and buckskin suspenders, made doubly conspicuous by the absence of a coat, he presented a sight that was calculated to excite the risibilities of any one. After the marriage ceremony the following dialogue took place between Josiah and Mr. Perry : Josiah — " I'm obleeged to ye, parson, and as soon as I git some corn that is comin' to me I will pay you. That corn must come now and no foolin'." Mr. Perry — " All right ; good day." Josiah — " Hold on, parson. Won't yer stay fer dinner?" — Mr. Perry — " No, thank you ; good morning." Josiah — " Good mornin', then, parson, ef yer goin'. I'll hold the corn subject to yer orders."

Dr. Jas. A. Larew has sold his property here and will leave with his family some time next week for Gainsville, Ga., where he expects to locate during the coming winter, and, if pleased with that section of country, make it his future home. We very much regret that the Doctor, on account of sickness in his family and insufficient remuneration for his professional services, has decided not to remain here. During a residence and practice of twenty-one years he has endeared himself to the people and proven himself to be a physician of wonderful ability. We regard him as the most skillful and successful physician and surgeon we have ever had here. We doubt if we ever have his equal again. As a citizen, as a neighbor, as a contributor to the things promotive of the welfare of the community no one has been more worthy of emulation than Dr. Larew. Our heartfelt wishes for

The many friends of James Burnside will be grieved to hear of his death which occurred last week at his home near here on Greenbrier river. Mr. Burnside had been a great sufferer from rheumatism and other complicated diseases for a number of years. During the last year of his illness he was unable to walk, and often had to be turned in his bed, but he never murmured, and bore his great affliction with wonderful fortitude. He was a good citizen, an upright and honorable man, who, during his long sojourn here, so let his light shine that others seeing his good works could not help but profit thereby.—Space forbids us to give in detail the life of this noble man. He was aged about 76 years, and leaves a wife and six children to mourn their loss. He was a brother of Mrs. Margaret Weisford of this place and Mrs. Belle Buz-

near Mill Point, trading horses and telling fortunes. They have about sixty horses, and not a few of the good ones were traded for in this county. It astonishes one to think of the number of people who throng the camp for the purpose of trading horses, and putting their knowledge of the same against the wily gypsies, who have followed it from time immemorial. Our people generally make satisfactory trades among themselves, but when they tackle the gypsies they nearly always come out at the little end of the horn. A child was born to one of the women, whose serious illness since has caused the gypsy band to remain here longer than they would have done.

zard and Woods Burnside of the far West. His remains were laid to rest in the McNeil cemetery. Peace to his ashes!

About thirty gypsies are encamped near Mill Point, trading horses and telling fortunes. They have about sixty horses, and not a few of the good ones were traded for in this county. It astonishes one to think of the number of people who throng the camp for the purpose of trading horses, and putting their knowledge of the same against the wily gypsies, who have followed it from time immemorial. Our people generally make satisfactory trades among themselves, but when they tackle the gypsies they nearly always come out at the little end of the horn. A child was born to one of the women, whose serious illness since has caused the gypsy band to remain here longer than they would have done.

During the recent snow storm M. F. Gum, of this place, while returning from McClintic's Camp, lost his way in the Black mountains and wandered about for several hours in the bitter, blinding storm. Finally by a stroke of good fortune he found Newton Landes' house, where he remained until the fury of the storm subsided, and then came home with his feet frozen and swollen to twice their natural size, and suffering untold agonies.

On Monday, November 28th, Patrick Henry, who lives near Lobelia, was called from his work by the awful cry of fire! fire!! Hastening home he found his handsome house, where many endearing memories clung, and in which the accumulations of years were stored, enveloped in flames. Mr. Henry, assisted by some of his neighbors, tried to remove some of his household effects from the burning building, but after getting out a few articles had to abandon it, owing to the fire.

Week before last W. D. Clark, of this place, had his right arm and wrist badly sprained by a horse, which he was riding at a rapid pace, falling on him.

On last Saturday, the 3rd inst, a very exciting game of foot ball was played here between the Buckeye and Hillsboro teams. The Buckeye team was more than a match for ours in size and weight, but they soon discovered that it amounted to nothing without science and training, which won the day for our boys by a score of 2 to 0. The playing at times was terrific and Geo. Jackson, of the Buckeye team, was knocked down and bruised so badly about the ribs that he has not been able to do anything since. There was quite a number of spectators present, many of whom were considerably excited.

S. J. Payne has finished a logging job of 70,000 feet of oak and pine near what is known as the Bass Rocks on Greenbrier river. The Bass Rocks, so named from being a favorite haunt of the black bass fish, are noted for their environment of beautiful scenery. Great cliffs stand sentinel-like, their sides and summits decorated with moss, clinging vines and the rich green of the pines, while below them the music of the rippling water falls upon the ear in enchanting harmony. The fame of the Bass Rocks as a deer stand has reached far and wide in this section of country—more deer having been killed there than at any place on the river. About eight years ago the writer, hearing of a deer chase went to the Bass Rocks and found Thomas Rigsby on the stand.—After waiting, perhaps, an hour the voices of the hounds were heard making music—the sweetest of all to the hun-

both hammers of his shotgun, which was heavily charged with buckshot. Suddenly a great splash in the water announced the fact that a large buck deer was in the river and coming directly toward us. Mr. Rigsby waited until he came within easy range and inadvertently discharged both barrels of his shotgun at the same time, receiving for his indiscretion a rebound from the gun, which knocked him senseless and bleeding to the ground; the deer, pierced by a dozen shot, bounded in the air and dropped dead on the rocks within a few feet of the old man, who was seemingly dead. He, however, soon became conscious, and staggering to his feet and wiping the blood from his cut and bruised face, said: "I'll never load 'er that way again."

We have been having some extremely cold weather—the coldest we have had in many years. The snow is 26 inches in depth here, and in the Cranberry and Black mountain country, from 3 to 3½ feet. On last Friday morning, the 10th, the thermometer registered 21 degrees below zero, and to day, the 12th, is still very cold and the snow drifting so badly as to render some of our roads impassable. Not a few persons have had their feet and ears badly frozen. G. L. Clark's dog, which he highly prized, was found dead in his kennel—frozen stiff. It is thought that small game of the feathered tribe have suffered greatly. The ground hog prophets are all loud in their expressions of "I told you so! I told you so!"

Guy Slaven and Oscar Slaven, of Kansas, arrived at Marlinton on last Saturday, where they were called to attend the funeral obsequies of their mother, Mrs. Mary Slaven, who died very suddenly at the residence of her son-in-law,

On last Friday, Saturday and Sunday the thunder rolled, the lightning flashed and the rain poured down in torrents. Wells, cellars and ponds overflowed, and the plankwalk on Nicholas street was completely submerged for a hundred yards or more. The small streams rushed madly down the mountain sides, in some places carrying fences with them. Greenbrier river was greatly swollen and nearly up to the watermark of last summer. Great anxiety was felt by those living near it at this point until it began to fall Sunday evening.

An epidemic of chickenpox and mumps has spread to a considerable extent in this neighborhood, causing some sickness and a great deal of discomfort.

Miss Mollie Kinnison, daughter of A. R. Kinnison, who lives on the river a short distance from here, is seriously ill. J. W. Ruckman, living near Mill

Mrs. Bessie Shafer, it is thought, is losing her reason. Her husband left her a short time ago, and brooding over his cruel desertion of her is probably the cause of her mind aberration.

Col. R. S. Turk, editor of the *Spectator*, who has been absent from home since February 14th, spent Sunday in Staunton, but returned Sunday night to Baltimore, where he is assisting in closing the sale of a large amount of West Virginia lands lying in Pocahontas and Randolph counties. It is understood that probably 150,000 acres will pass in the deal, and that the price paid will possibly reach \$1,000,000. He stated that this purchase is one of the most important ever made in the State, as it is the entering wedge to the purchase of the town site at Caldwell, W. Va., the building of a large plant for the manufacture of pulp there and the building of a railroad from Caldwell north through the counties of Greenbrier and Pocahontas. The value of this railroad to Pocahontas county will be incalculable. The county is now forty miles from a railway station. The road if it follows the Greenbrier will about halve the county, and give it railway facilities no other county in West Virginia possesses. The county is about 60 miles long by about 20 miles wide and Greenbrier river divides it into two nearly equal portions, and this will place every citizen of the county within at least ten miles of the railroad and place more actual miles of railway in that county than any other county in the State. The windings of the river will make the actual miles something like eighty and will put hundreds of thousands of dollars into it which could not be sent there by a road built in any other direction. — *Staunton Spectator*.

Kingsley, Ruskin, Mrs. Stowe, Mrs. Willard and lives and literary labor voted to the improvement of conditions, the removal of dens and the general uplift of kind. Peering into the learned Doctor saw in education and the general knowledge the panacea for political ills. He "scholar in politics," the improvement of woman's sphere, the most hopeful signs of improvement in the center. He spoke of woman's independent approval and confidence why women may not enter freely every avenue open to men. Some views will hardly meet the staid and conservative community, but taken as a whole the picture was admirable and left upon our people a personally and as a whole entirely favorable.

At the conclusion of the lecture, Lee, who is one of the members of the Board of Regents, took occasion to speak in high terms of Dr. Lee as a scholar, but as a lecturer, with a clear perception of our educational system. He announced that Mr. Lee would be the next lecturer, a capable and popular Professor. I received a spontaneous ovation from the audience, which must have been gratifying. Mr. Lee will deliver his lecture in the Hall on Friday night.

Benjamin A. Richmond, chief attorney for the West Virginia Pulp and Paper Company, has put a quietus on the many rumors concerning the intentions of the company by stating that they are going to move from Luke, Alleghany county Md, as soon as their mill in Greenbrier county, W. Va., is completed. This, he adds, they have determined upon whether prosecution for Potomac pollution is abandoned or not. This, he says, is final. A similar statement has been made by Mr. Dayid L. Luke, Treasurer and Manager of the West Virginia Pulp and Paper Company. The new Greenbrier plant, work on which has commenced, will be at Caldwell, not far from Lewisburg, on the line of the Ches. & Ohio Railroad, and within six miles of the White Sulphur Springs, in West Virginia. It is stated the building will be made largely of steel and will cost over \$1,000,000.—The intention of the Messrs. Luke is to make it the largest pulp plant in the United States. A railroad will be constructed from Lewisburg to Caldwell, which is on the Greenbrier river.—*Baltimore Sun, of the 27th inst.*

We have been informed that a move is now on foot to stack forty million feet of lumber on the streams of Sugar creek, Kerr's creek and other tributaries of Williams river. Operations will begin at once. Supplies will, in all probability, be brought from Hot Springs, Va., a distance of fifty miles. It has been reported that Samuel Gay has secured the contract for the hauling, and that James Sheets will furnish feed for the camps. John R. Butler has contracted for the building of roads, which will cost about \$5,000. H. Nathan has been engaged to repair the big dam on the river, which has not been operated for twelve months. When he gets through repairing the dam, he will go to Chicago to purchase stock for W. G. Gray, foreman for the Gauley Co. It will require 50 teams and 300 men to complete the work for next spring's drive. The contract for the year's furnishings will amount to about two hundred thousand dollars, fifty per cent of

It is with pain that we announce the death of Henry W. McNeil, youngest son of Capt. W. L. McNeil, which occurred at his home here last Monday morning. He had contracted a cold which terminated in a bad case of pneumonia which resisted every effort of his physicians to alleviate. Mr. McNeil was in the 28th year of his age, and a young man of many excellent traits of character. He was a successful farmer and financier, and his life was ever characterized by deeds of kindness and generosity. No one ever asked Henry McNeil for a favor that he did not grant, were it possible. Everybody liked him; he had no enemies. His death has cast a gloom over the entire community. The bereaved family and the large circle of sorrowing friends have the deep sympathy of every one. Wm. O. McCoy died very suddenly at his home on Droop Mountain, last week, of paralysis, aged 65 years. He was a good citizen and highly respected by all who knew him. His remains were interred in the Droop cemetery.

Romey Rodgers, while walking over a stack of lumber, preparatory to loading a wagon, slipped and fell, striking his head against some boards, which rendered him unconscious for quite a while. He has not yet fully recovered from the effects of the fall, and the bruises about his head show he had a narrow escape from death.

This community was greatly shocked on last Sunday morning upon hearing that John W. Burgess, who lived a short distance from Mill Point, had dropped dead in the road near his residence.— He complained of feeling unwell, and told his wife he would walk about some and maybe he would feel better. He started down the road toward Mill Point, and had gone but a short distance when he sank down and expired without a struggle. His death was caused by heart failure. He had been suffering from heart disease for quite a while. He was about 35 years of age, and stood high in the estimation of all who knew him. He operated Isaac McNeil's steam flouring mill at Mill Point for a number of years, and was an expert at running and keeping in order all kinds of machinery. A wife and two children survive him.

The laying of the corner stone of the new M. E. Church, South, here will take place on the 26th of this month. A large crowd of people is expected.

The railroad at this point is progressing slowly. Nearly all of the hands have thrown down their picks and shovels and gone away. The Italian contractor has met with hard luck at every turn, consequently has not done much.

Allen R. Kinnison closed with the
railroad company for the right of way
at \$2,040; the company is to build him
a road out, and he is to release his right
to fences. He owns a long, narrow
farm on the banks of the river, the bot-
toms being something like three to five
hundred feet in width and over a mile
long. He is a good farmer and has his
place in a good state of cultivation.—
The center of the line runs through his
house, which is a comfortable residence
of a story and a half, and over which he
he has trained the finest grapevine in
the country. The line also takes about
half a mile of his private road. He will
build a road up the mountain and out
through Alvin Clark's place. The right
to fences, which he released to the rail-
road, is estimated to be equivalent to
\$1,500.

Hillsboro, Pocahontas County, Items.

It becomes our painful duty to chronicle the death of Miss Mollie Kinnison, which occurred at her home near here on the 29th of last month in the 20th year of her age. She had been in feeble health for a year or more, but notwithstanding that fact her death came suddenly and unexpectedly to her parents, they never thinking that death was so near, although having been previously warned of the seriousness of her condition by the family physician, Dr. F. T. McClintic. She was the second daughter of Allen R. Kinnison and a most estimable young lady. Her spotless character, admirable disposition and unceasing devotion to life's noblest duties won for her the love and esteem of all who knew her. Her remains were interred in the Oak Grove cemetery in the presence of a large number of sorrowing relatives and friends.

AT Marlinton, on the 4th, an exciting episode occurred in the court room which for a time interfered with the administration of the public business. It appears that Enos Sharp, a disputable fellow, who had served a term in the pen, had threatened to give away the secrets of a gang of thieves operating on upper Knapp's creek and suspected of stealing and driving off sheep, cattle and other stock from the county. It was also said that Sharp would give evidence tending to show that this gang, or some of them, was guilty of a murder that had occurred in the county some years ago. Seeing Sharp standing at the door of the grand jury room waiting to be called. Scott Keeley, supposed to be one of the gang, lit into him with a buggy whip frailing him most unmercifully over the head. Sharp, frightened out of his wits, took refuge in the main court room where a trial

him with a buggy whip frailing him most unmercifully over the head. Sharp, frightened out of his wits, took refuge in the main court room where a trial was in progress, Kelly being in hot pursuit, swearing like a trooper and plying the whip with tremendous energy. Hoping to escape, Sharp ran into the Judge's private room, Kelly still after him with the whip. Unable to escape he ran out again into the main court room and there Deputy Sheriff, Forest Hill, and several others seized hold of Kelly, threw him to the floor and after a severe struggle, got the whip from him by breaking it to pieces. He was taken to jail and the next day the judge sentenced him to 30 days confinement in jail for contempt of court. Jack Hook, who seemed to be backing Kelly in the assault upon Sharp, was on the latter's motion bound in the penalty of \$500, to keep the peace, Sharp swearing that he feared Hook intended to do him bodily harm.

Pocahontas County Items.

We take the following items from the
Pocahontas *Times* of last week :

When the *Courier-Journal* offered its
prizes for the best guess at the vote of
the last campaign, Mr. Henry Barlow,
of Edray, made a calculation on which
to base his figures for the entire vote of
the United States, for which \$10,000
was offered to the nearest guesser. He
set the amount down in a day-book and
finds now that if he had sent it in, accom-
panied with the almighty dollars, he
would undoubtedly have won the grand
prize, having only missed the result 2
votes. Miss Lucy Kincaid is gover-
ness in Mr. Gay's family. Mr. Joseph
Barlow, sr., fell on the ice and was
badly hurt last week. Little Phil., son
of Mr. Charles Yeager, died on 23rd
ult., aged 2 years and 8 month.

MR. R. S. McCARTNEY, special agent, shipped last Monday to Parkersburg a box containing 43 samples of products of the soil for exhibition at the World's Fair at Chicago, selected from the counties of Greenbrier, Monroe and Summers. They comprised some splendid specimens of corn, wheat, oats, rye, clover seed, timothy seed, &c.—This is the fourth shipment Mr. McCartney has made, one being a box of tobacco from Fayette county, which is said to be the best thus far produced in the State. Mr. McCartney has been canvassing the counties of Pocahontas, Greenbrier, Monroe, Summers and Fayette, and states that only one man has thus far asked payment for specimen products.—*Monroe Watchman.*

County Convention.

The Democratic County Covention,
to nominate a candidate for County Su-
perintendent, will be held here next
Saturday, at 2 o'clock p. m. We have
received reports only from one or two
of the precinct meetings, but from in-
formation gathered from the people it
appears that Mr. Lowance received a
large majority of the vote. We hope
to see the Convention well attended.

THE Pocahontas *Times* says Col. Jno.
T. McGraw, of Grafton, was in that
place on business last week. He came
to meet Mr. T. C. Pfander, of Defiance,
Ohio, who has just closed a contract for
a large saw-mill in Pocahontas county,
upon land in which both gentlemen are
interested. The mill will probably be
the largest in the State, having a ca-
pacity of 75,000 to 100,000 feet of lum-
ber per day. It will be built on the
bank of the Greenbrier river in the
heart of a rich timber country. Both
gentlemen were enthusiastic over the
prospects of an extensive development
of the resources of the south eastern
part of the State. A branch of the C.
& O. road will be completed next fall at
which time the big saw-mill will be in
operation.

DEAR SIR—The Geiser Taction Steam
Engine and new Peerless Separator
bought of you last summer moved it-
self from Ronceverte and all over Poca-
hontas county without the aid of a sin-
gle horse. I thrashed 20,000 bushels
of grain and could have done as much
more but the grain was not in the
county. I am delighted with it. It
makes money for me, and saves the
wheat and cleans it better than any
machine that was ever in the county.—
All the farmers are delighted. No
thrasherman should buy any other.

Yours Respectfully,

JOHN L. CLEEK.

G. W. Graves, Alderson, W. Va.

DEAR SIR—The Geiser Traction Engine and new Peerless Separator were run by John Cleek in this section last season, (1892) and gave entire satisfaction to all the farmers. It moved itself over the rough roads and with ease and without any assistance. I have been running the mill for several years at this place and have to grind grain thrashed on all the machines and can say that none has come nearer cleaning the grain ready for the roller than does the Peerless. In my opinion the Peerless and Traction Engine is the machine for the farmers, thrashermen and millers of the country.

Yours Respectfully,

R. V. PERKINS.

Drowned in Greenbrier River.

Last Saturday afternoon, the 17th inst., Mr. Wallace Moore, book-keeper for Col. Driscoll, at Ronceverte, went bathing with a number of friends in Greenbrier river. After swimming about for awhile, he suddenly sank and did not rise. His friends succeeded in getting him out in a few minutes, and every effort was made to bring him back to life, but without success. The doctor could discover little or no water in his lungs, and came to the conclusion that he died of heart failure. He was from Pocahontas county, and a son of the late Rev. James E. Moore. His body was taken to his home in that county last Monday, by Mr. Geo. Law, accompanied by Rev. W. H. Ballengee and wife, of Ronceverte, for burial.—Mrs. Ballengee is a sister of the deceased.

Hillsboro, Pocahontas, Items.

We were visited last week by an old-fashioned snow squall which shook our domicile from centre to circumference, and sifted snow in through every crack and cranney, and nipped our lettuce, turnip greens and wild flowers. It was of short duration, however, and with the exception of cold and frosty nights, the usual fine weather prevails.

The protracted meeting which Rev. Wm. E. Miller, of the M. E. Church, South, commenced at this place two weeks ago has resulted in the conversion of 30 souls. There are six penitents at the altar now and great interest is manifested. May the good work go on.

On the 14th inst., at the residence of the bride's parents, in Huntersville, Mr. Joseph McNeil and Miss Mary Curry were united in marriage by Rev. W. E. Miller.

Mr. Sherman Kellison, while chopping wood for Mr. D. C. Hill, came near severing his left foot from the leg. The axe struck his foot on the outside near the ankle, cutting back into the ankle and making a frightful wound. He was attended by Drs. Larue and Wallace. They think in all probability the limb will have to be amputated, but

derlies the mountain and about 50 feet low which, from appearance, is not thicker, than the next seam we examined at Point mountain. I found in five different places along this mountain that the mountain seam, and, I feel sure, as large as the McCoy seam in the west side of Humes scraped it out considerably with my pocket-knife. Little Coon's Ridge of Point mountain has different places on the side of said ridge. I examined Big Coon's veins or seams 100 feet above the one I examined was a trace. Mr. Humes and I examined by him that the seams are in thickness. They examined are on land and David Humes considerable portion off and a fine sod which makes a and shows that in addition to it make fine stock.

Some of our people are very much alarmed over a report one of our citizens brought in from the rural districts recently. He claims that while out hunting on the 2nd inst., he bagged a ground-hog in the full glare of the noon-day sun. We think the carcass might have been brought in and put on exhibition, but as there is considerable snow on the ground now and the mercury nearly down to zero, we take it for granted that the little weather prophet was out, saw his shadow and received a death wound from the hands of the huntsman, We are sorry it ever entered the mind of our neighbor to engage in hunting on the 2nd day of February, as we consider the killing of a ground-hog on that day, (in bright sunshine,) the forerunner of dreadful storms and bad luck generally. Whereas we were cheerful and happy, we are now filled with gloom and foreboding.

filled with gloomy forebodings.

On last Wednesday your correspondent with many others witnessed the interesting spectacle of three large rafts of ash and cherry lumber floating down Greenbrier river. It was a sight worth looking at, and as one gazed at the huge fleets rising and falling on the wild waves, the power of water and the labor and ingenuity of man were forcibly brought to mind. The rafts belonged to Messrs. W. H. Overholt and C. W. Callison, and were safely piloted and landed in Ronceverte by Messrs, C. W. Callison, John Callison and Wm. Gum. The one manned by Mr. C. W. Callison contained 35,000 feet, the largest raft that has ever gone down the Greenbrier. Your correspondent had the pleasure of making the trip with Mr. Gum, and found him a very efficient pilot. There is considerable labor and danger involved in running a raft, but notwithstanding that a bad mishap hardly ever occurs, Going down we were struck with the beautiful scenery along the river. Every little while one meets with something to arrest attention and inspire delight. The wild

quisitely picturesque, imprinted themselves on the mind with a charm which no lover of nature can soon let die.

It is with pain that we announce the death of Mr. Jacob McCarty, which occurred at his home near here on the 8th inst. He died of pneumonia, and was about 70 years of age. He was an honest upright man, and leaves many friends to mourn his loss. The bereaved members of the family have the sympathy of the entire community.

James Lee and Allen Pryor, two aged colored men, died last week, near Mill Point, of la grippe.

Mr. Sherman Kellison, who cut his foot badly with an axe some time ago, had to have it amputated last week, and is now lying in a critical condition.

There is more sickness here now than we have had for many years. One-third of our people are unable to go about, and there are many bad cases of la grippe and pneumonia. J. H. C.

FARMER.

Hillsboro. Pocahontas. Items.

The thermometer registered 6° below zero last Thursday morning—the coldest weather we have had. Ice was formed sufficiently thick for storing away, and those who have ice-houses filled them up.

Messrs. Whiting & Denning's log slides worked nicely during the freezing weather, and they succeeded in getting all their logs to their landing on the Greenbrier river. They are now ready for the "drive" as soon as there is water enough.

There is a great deal of sickness here, and some have been called to cross the dark river of death. Mrs. Mary Overholt, mother of our esteemed townsman, Mr. W. H. Overholt, died on the 6th inst., of pneumonia, in the 90th year of her age. Her remains were interred at Buckeye, beside those of her husband. Her husband served in the war of 1812. Mrs. Overholt was a noble woman, and her memory will linger long in the minds of those who knew her. For

M. E. Church, South, and died with the full assurance of a glorious immortality beyond the grave.

On the 4th inst. an infant son of Mr. Wm. and Mrs. Eveline Miller died of congestion, aged 11 months.

On the 3rd inst. James Baldwin, colored, died of consumption, aged about 34 years.

Mr. Stuart Boggs, who was working for Messrs. Whiting & Denning, had the bone of his left thigh broken, on the 3rd inst. He was attending to a log slide, when one of the logs running on it, gained such an impetus that it jumped from the slide, striking him on the thigh with the above result. Dr. F. T. McClintic set the broken limb, and reports the sufferer doing well.

Mr. Geo. Hill sold his farm recently to Mr. J. B. Kennison for \$6,400.

Rev. W. E. Miller left here on last Sunday for Baltimore to attend Confering. Mr. Miller will preach for us but once or twice more, as he will be assigned to a new field of labor. During the four years that he has been with

ago he conducted two of the greatest
revivals of religion we have had in many
years. He has won his way to the
hearts of the people and made many
warm friends who are loth to part with
him. The best wishes of the whole

Hillsboro is begining to look up a lit-

new cottages on Main street for rent.—

The walk we need badly, but we cannot quite see the point in putting up a calaboose. We don't think our quiet village needs anything of the kind, and would much rather see the money expended on some of our broken down walks.

Our townsman, Mr. J. R. Marshall, has rented a farm in Renick's Valley, Greenbrier county, and will move on to it soon. Mr. Marshall and family have resided in our town for about 10 years and have made many friends.— We regret very much to see them go away, and wish them happiness and prosperity in their new home.

Mr. Wm. Hill will leave in about two weeks for Kansas, where he will remain next summer, and, then, go on to Washington and locate permanently.

Mr. R. V. Hill, who has been confined to his bed for about 4 months with rheumatism, we are glad to state, is able to walk about his room. C.

and others desiring to prepare themselves for the duties of the School-room. One prime object will be to assist young teachers both in the prosecution of their studies and in the theory and practice of teaching. Therefore, special attention will be given to our Common and Normal School Curriculum. We have both had large experience in teaching, and Mr. Hayes is a graduate of the Concord Normal School. We shall aim to give systematic and thorough instruction, and to make the school first-class in every particular.

Hillsboro, Pocahontas, Items.

It is with a sad heart that we announce the death of Rev. M. D. Dunlap, which occurred at his residence near here on last Tuesday morning, the 24th ult., in the 83rd year of his age. He passed peacefully away, his last hours being attended with but little suffering.— Death resulted from kidney trouble and general debility, occasioned by old age. He leaves no family, his beloved wife and two children having gone on before. He leaves, however, a large circle of sorrowing friends and relatives here and in Monroe county.

Mr. Dunlap was born in Augusta county, Va., in the year 1809. At the age of 25 he graduated at Washington College with high honors, and was shortly afterward ordained as a minister of the Southern Presbyterian Church.

minister of the Southern Presbyte-
rian Church.

He was married in the year 1844, and he and his wife, a most estimable lady, came to this county in the year 1845. For 11 years he taught school here, during which time he also attended to his duties as pastor of the Oak Grove Presbyterian Church. As a teacher he gained great distinction and was the founder of the old Academy, one of the finest institutions of learning near here in that day, and from which the post-office at this place derives its name.

During his ministry, which covered a period of 40 years, he espoused the cause of his Master faithfully and zealously, and the Church prospered in his hands. How many of us remember the old brick Church that stood a mile south of here, and the able and stirring sermons that fell from the lips of Mr. Dunlap. He was one of the most exemplary christians we ever knew. If there ever lived a man that showed by his daily walk and conversation that he was trying to lead a true christian life that man was Mr. Dunlap. His life was made up of good deeds and his noble qualities of mind and heart have endeared him to every one who knew

was made up of good deeds and his noble qualities of mind and heart have endeared him to every one who knew him. He is gone but he leaves behind a shining record that will never die, but ever remain fresh and green on memory's page.

One Henry McDowell, in the employment of the St. Lawrence Lumber Co., was drowned in the Greenbrier river, about a mile above Bird's Mill Dam, on the 26th ult. He was on a log trying to steer it down the river, something he knew but little about, when he was drawn by the current into rough water and, being unable to keep his position on the log, fell off and sank beneath the treacherous waves never to rise again. The river is being dragged for the unfortunate man's body, but up to this time has not been found. He lived in Monroe county, and is about 35 years of age.

come of our Farmer's Alliance Store that was in contemplation some time ago. We hope that the Alliance is still alive to the importance of such a move and will not let fall it through. It only requires the united efforts and support of every member of the organization to insure its success. Let not one stand back, but let all come up and put their shoulders unflinchingly to the wheel and see if something cannot be accomplished. See if it does not pay. See if the extortionate prices that are exacted of us for everything we buy cannot be put down.

One day last week Mr. Madison Woods' house caught fire from a defective stove pipe, but fortunately the fire was discovered before it had made much headway and put out with but little damage to the building.

Mr. Samuel Sheets, the young man who had his leg taken off week before last, is doing very well. He is under the care of Dr. J. A. Larue.

Dr. Matthew Wallace, of Mill Point, who has been very ill is better, but still in a critical condition.

Miss Relia Clark, who has been away for quite a while teaching school, has returned to her home here.

Snow! Snow! Snow! The robin and the blue-bird have flown, the voices of the frogs are hushed and the blue sky and sunshine have vanished.

Hillsboro still continues to improve. Mr. C. W. Callison is building a large barn, Mr. W. H. Overholt is building a handsome addition to his store building, and the members of the M. E. Church, South, are talking of putting up a fine church. If the church be built, and we have every reason to believe it will be, it will add greatly to the looks and importance of our town. We stand at the head of our county, and many others in the State, for good churches and schools.

We have learned recently that the Farmers' Alliance have rented the old store building, known as the McNeil stand, on Nicholas street, and will put in a stock of goods soon. This is a move in the right direction.

Our prospects for a railroad in the near future are still good, and we hail it with delight, notwithstanding the fact a few frown upon it. The question has already been asked, "Will a railroad better our condition?" We answer, "Yes," and ask if it will place us in a worse predicament than we are in now. We are for railroads first, last and all the time.

Of the early settlers of Hillsboro there are but 2 living. Dr. Marshall Peyatt and Mrs. A. S. Clark. And threes-fourths of the residents of the town, who are heads of families, were not born in this county.

Mr. R. D. Cardwell, who married Mrs. Cynthia McNeil of this place, is lying very ill at his home in Roanoke, Va. Mr. R. W. Hill, of this place, is also suffering from a severe attack of grippe.

Dr. Matthew Wallace, of Mill Point, we are glad to learn is in a fair way to recover his health. He has been in a precarious condition for a long while.

Mr. T. M. Auldridge and family, living near here, will leave in a short time for Botetourt county, Va., where they expect to make their future home. We

Mr. Lanty Lockridge will leave here the 1st of next months for Ord, Neb., where his sons are living. Mr. Lockridge has many warm friends here who will be sorry to see him leave.

There has been a great deal of plowing done here, and large crops will be put out this season. Wheat gives promise now of a fair crop.

In our churches lately we have noticed some of our young people engaged in whispering, laughing and other misbehavior during services. This is very painful and annoying to those who attend worship in its true sense—to those who go in sincerity to listen to the word of God and be benefitted thereby. We hope our young people will bear in mind when attending church the solemn fact they are in the house of God and that any misconduct there will certainly lower them in the estimating of all good people. Gentility, good manners and good breeding are characteristics that are admired everywhere, and nowhere more than in the church. So, then, if you wish to be well thought of and not classed with the ignorant, the vulgar and low-minded, cultivate a spirit of reverence and good manners in the church. You will be better and happier for it.

Last week Prof. C. E. Young, of the Lewisburg Female Institute, went up to visit the good people of Pocahontas in the interest of our female school at this place. On Monday of this week, Prof. B. E. Goode, Principal of the Greenbrier Seminary, at Alderson, went in the same direction. By the way, Prof. Goode has a clear field at Alderson now, the Alleghany Collegiate Institute and the Cottage Home schools having both closed indefinitely. Profs. Coffman and Gilmore started for Pocahontas Tuesday afternoon last to look after the interest of the Greenbrier Male Academy here. Prof. Gilmore will extend his visit into Randolph, Hardy, Pendleton and other counties of this State, and into the State of Maryland, returning through the Valley of Virginia. We wish them all success and that Pocahontas, Randolph and other counties in that part of the State may be well represented in our Greenbrier schools next session.

Hillsboro Male and Female Academy Commencement.

The Commencement Exercises of the Hillsboro Male and Female Academy were held in the Academy building Thursday and Friday, June 18th and 19th. In consequence of the house being too small to accommodate the crowd that usually assembles on such an occasion, notice had been given that only a limited number of people could be entertained, but notwithstanding such notice had been published, the people began coming in from all parts of the county twelve or fifteen hours before the exercises began, and when the hour for opening the doors arrived our little village was crowded with several hundred people.

In order that all might be accommodated, platforms were erected on the outside of the building and the windows were removed, thereby affording at least a partial view of the stage to those outside. The stage was handsomely decorated with pyramids of flowers and wreaths of evergreen, artistically arranged.

Promptly at 8 o'clock Thursday evening the exercises began, opening with prayer by Rev. D. S. Sydenstricker, D. D., after which came the regular programme as follows:

Awarding of Medals.

The debate in which the young ladies contested for a medal was indicative of deep study upon the question. The arguments adduced were very strong on both sides, and scarcely admitted of discrimination, reflecting great credit upon all the participants, but victory could not crown the efforts of both sides, and Miss Gertie Overholt, of the affirmative, was awarded the medal.

Next came the declaimers' contest by eighteen young men. It would be impossible for us to describe the bewildering oratory and eloquence which characterized this contest. The declaimers after painting in flowers of rhetoric the beauties of earth, soared on wings of fancy beyond the skies, reveled amid the stars, and held the audience spell-bound by their grandiloquence and beauty of diction. Again the contest was very close, but Mr. C. M. Anderson came out victorious and secured the medal.

fancy beyond the skies, reveled amid the stars, and held the audience spell-bound by their grandiloquence and beauty of diction. Again the contest was very close, but Mr. C. M. Anderson came out victorious and secured the medal.

It is scarcely worth our while to attempt to say anything in reference to the speeches by Revs. Christopher and D. S. Sydenstricker upon education, especially where they are known— suffice it to say they were masterly addresses, and were listened to with the closest attention.

The afternoon exercises, consisting of calisthenics, drills, marches, &c., were an especially pleasing and entertaining part of the programme. All who participated acquitted themselves most creditably, and showed conclusively that they had received thorough training from the teachers in this line.

The half hour with the little folks was indeed enjoyable, and perhaps the most humorous of the entire exercises. They did nobly and won unbounded applause from the audience.

that they had received thorough training from the teachers in this line.

The half hour with the little folks was indeed enjoyable, and perhaps the most humorous of the entire exercises. They did nobly and won unbounded applause from the audience.

The contest by the Ciceronean Literary Society elicited as much interest as any feature of the programme. The question was one that requires a great deal of thought to be discussed intelligently, and the audience was anxious to know how the young Ciceros would acquit themselves. It was handled in a way that must have gladdened the hearts of the parents of the youthful debaters, and which would have done credit to older and more experienced minds. For an hour and a half they vied with each other for supremacy, and it seemed that both sides must win, but again was the affirmative successful, and the medal was awarded Mr. E. C. Eagle.

After this debate came the awarding of medals, which except the

but again was the affirmative successful, and the medal was awarded Mr. E. C. Eagle.

After this debate came the awarding of medals, which, except those already mentioned, were given as follows: Scholarship Medal (Senior Class,) E. C. Eagle; Music Medal, Miss Virgie Sydenstricker; Orthography, Miss Mary Overholt; Scholarship Medal (Primary Department,) Miss Eva Moore; Prize in Penmanship, S. L. Hill; Prize in Orthography, Miss Virgie Sydenstricker.

The exercises throughout were interspersed with music; vocal and instrumental, led by Mrs. C. A. Brown and Miss Mary McNeel.

We wish to say, in conclusion, that the Hillsboro Male and Female Academy has been quite a success, steadily growing in favor since its first session. It is still under the management of Prof. C. A. Brown, B. A., of Emory and Henry College, assisted by Miss Grace Clark, a graduate of Lewisburg Female Institute. Miss Clark has charge of the Music Department, and is unquestionably one of the best music teachers in this section of the State. Parents cannot do better than to patronize this school, and we trust its future will be one of great prosperity.

Hillsboro Male and Female Academy.

In another column of this issue will
be found an advertisement of this ex-
cellent school, of which Prof. C. A.
Brown, A. B., a graduate of Emory
and Henry College, Va., is Principal,
with Miss Grace Clark, of Pocahontas
county, a graduate of the Lewisburg
Female Institute, as instructor in mu-
sic. This school is situated in the
pretty little town of Hillsboro, in the
center of the Little Levels valley, one
of the prettiest spots in the State, in-
habited by an intelligent, kind and hos-
pitable people—the town and surround-
ing country forming one of the most
excellent communities in the State.—
Church privileges are ample; a high
moral tone characterizes the commu-
nity; the sale of liquor is unknown,
and Hillsboro has long been an educa-
tional center for the whole county. The
aim of this school is to give the young
men and ladies attending it thorough
training in the classics, sciences, mathe-
matics and higher English courses, and
at a very moderate expense. Prof.
Brown has had an experience of nine
years in the school-room, and his aim is
to prepare the young men who may at-
tend the Academy so thoroughly that
they may easily complete the college
course in two years.

Letter from Pocahontas County.

HUNTERSVILLE, W. VA., }
 Sept. 21st, 1891. }

Editor Greenbrier Independent:

There are at present two factions in
 this county—those who favor and those
 who oppose moving the Court-house.
 From the tenor of his communication,
 your correspondent of last week belongs
 to the former faction. It is presumed
 that you have no reason for taking sides
 with either faction, desiring simply to
 state facts in your paper, except in
 those columns set apart for wit, humor,
 romance and, perhaps, politics (?) I,
 therefore, ask you to correct the state-
 ment of your correspondent that “our
 old Court-house has been condemned,
 and we will have to build a new one.”

The Court-house here is small, but it
 has never been found too small to an-
 swer *the people of this county*, and but
 few, who are “native here and to the
 manor born,” complain of it. Your
 correspondent is either ignorant of
 facts, and in that case should have been
 silent, or willfully caused the publica-
 tion of an untruth. *Our Court-house*
has not been condemned, and is not likely
 to be. Our taxes are high enough now,
 and our public buildings are good
 enough as they stand. Will you kindly
 correct the statement, which does our
 county an injustice. I have the honor
 to be yours truly,

H. S. RUCKER.

Mr. C. W. Beard, while out hunting, recently, killed a fine buck deer and two large raccoons. The deer had a magnificent set of antlers, which Mr. Beard has laid away as a trophy of his hunt.

The people of this county are considerably stirred up over the question of the removal of the Court-house to Marlinton. A great many are in favor of it, and a great many are opposed to it. Stump speeches, pro and con, will be made at every voting precinct in the county prior to the election, which is the 8th of December.

Rev. Chris. Sydenstricker is holding a good, old-time Methodist meeting on Bruffey's creek. On Friday night last there were 20 or more penitents, some of whom could not find places at the altar and knelt in prayer by their seats. The most intense interest was manifested, and many voices were raised in shouting. Six conversions have been reported.

Capt. D. A. Stofer, of Hunterville, was found dead in his room at Mr. J. C. Loury's hotel last Friday morning, about 8 o'clock. On Thursday night before the time for going to bed he was engaged in pleasant conversation with some of the guests of the house, and did not complain of feeling unwell.— He bade all with whom he had been conversing good-night and went to his room to retire as usual. Not appearing in the morning at breakfast time Mr. Loury went to his room to call him to breakfast, and found him lying still and motionless on the floor beside his bed. Suspecting that something was wrong, Mr. Loury hurried from the room and called in Dr. Patterson and others.— After an examination he was pronounced dead. An inquest was held and a verdict given that pleurisy was in all probability the cause of his death.— The covers of his bed were turned down but he hadn't been in it. He hadn't taken

but he hadn't been in it. He hadn't taken off his clothes, and it is thought that he fell while arranging the covers of his bed and died without a struggle.— Capt. Stofer was 70 years of age. He practiced law in Huntersville for many years, and figured prominently in the affairs of the county. His kindness, scholarly attainments and sterling principles won for him the admiration and esteem of all who knew him, and his sad death cast a gloom over this and the community in which he lived.

Elijah N. Grant, colored, died at his home here on last Sunday, the 22nd, of heart-disease. He was about 35 years of age, of industrious habits and stood well in this community. By hard study he acquired a fair education and for many years taught the colored schools here. He was a notable figure in political affairs and a leader among the colored Republican voters of this district. Peace to his ashes.

Mr. Peter Hill, of Jacox, is badly afflicted with boils. It hardly seems credible, but he has a boil on his right arm that is as large as a goose egg.

A new house has just been completed, and a new plank-walk laid on Nicholas street, which adds very much to the looks of that part of town.

It rained very hard here last Saturday and Sunday. One of our townsmen claims there was a barrel lying in his yard with both ends knocked out, and that it rained in at the bunghole faster than it would run out at the two open ends.

THE Democratic primary election in New Orleans last Wednesday to elect delegates to the Louisiana State Convention resulted in a sweeping victory for the friends of the lottery. The total vote was 26,785, and the lottery men won by 11,147 majority, carrying every ward. The indications are that Judge S. D. McEnery, who has the support of the lottery element, will be the Democratic nominee for Governor.

Sinai Taylor, a colored woman, aged about 70 years, hanged herself on the 2nd inst. She was insane and confined in the jail at Huntersville, awaiting removal to the Asylum at Weston.— She manifested no very bad symtoms until right lately, when she rapidly grew worse and ended her own life. She was a good old woman and well thought of. She has relatives living on the Vine mountain, near here, and her remains were taken there for burial.

On last Wednesday Mr. Dick Callison met with a bad accident. He had been in town making some purchases and was returning home when the team he was driving got frightened and ran away with him, breaking up his wagon and crippling one of his horses. Mr. Callison escaped with but slight injuries. His horse, although badly hurt, he thinks will get well.

There are three or four cases of scarlet fever in this neighborhood, and it is feared it will become epidemic.

Mr. R. A. Renick is still engaged in the dehorning business, and up to this time has dehorned 1,034 cattle. We wish to correct a statement we made some time ago about his skunkery not being a success. Mr. Renick informs us that he now has it well stocked, and that the carnivorous little animals are in a thriving condition, and he thinks will prove profitable.

joint discussion here on the 28th of November between Mr. C. F. Moore and Rev. Geo. P. Moore, regarding the removal of the Court-house to Marlinton. While we are not taking sides in the matter, and have due respect for "Occasional's" opinions, we must say that we beg leave to differ with him as to the discussion. For most certainly Rev. Geo. P. Moore was the man who made the telling speech on that occasion. "Occasional" was right when he spoke of him as a speaker of experience and acknowledged ability, and the reasons he gave for the removal of the county-seat were good ones and of far greater importance than those set forth by his opponent, Mr. C. F. Moore. Understand, we do not speak disparagingly of Mr. C. F. Moore. His argument was good, what there was of it. Four-fifths, at least, of the large audience who heard both sides of the question, and many of whom were men of sagacity, judgment and experience, and swayed by no prejudices, will bear us out in our statement.

Men and boys from every nook and corner of the Levels assembled, and, for enthusiasm, surpassed anything of the kind we have ever seen here. On a knoll in the suburbs south of town old barrels and boxes were piled up and a great bon fire lighted, which could be seen for miles around. In addition to this the crowd fired sky rockets, roman candles and sundry other fire works in profusion. After the fire works demonstration, which was exceedingly grand, the assembly, headed by the Hillsboro Cornet Band, marched through the principal streets of town and gave expression to their sentiments, by hurrahs for Marlinton. While we are for Marlinton and the railroad first last and all the time, we think it expedient to await future developments.
